Subject: Letter of Recommendation

I am pleased to write my highest letter of recommendation to Mr. Fasikaw Getachew in support of her academic performance and extracurricular engagements in her academic journey at Woldia University in the Department of Political Science and International Relations. For the first time in 2015, I had the distinctive pleasure of having Fasikaw Getachew as my student at Woldia University in the Department of Political Science and International Relations. I taught him different courses including Politics and Interstate Relations in the Horn of Africa, Contemporary Global Politic, where he distinguished herself as one of the few students to earn an 'A' grade. During his study, Fasikaw had an outstanding academic performance in the department and the university as well. Starting from the first day of the class he impressed me with her ability to articulate difficult concepts and his passion for reading, writing, and creative expression both in and out of the classroom. Fasikaw was an active participant in all discussions, and he always encouraged his peers throughout his stay at the University. As his lecturer, I have seen his commitment, initiation, skill, talent, and potential in several academic disciplines. I found him a very good learner, a logical thinker, well-disciplined, and communicative as his great assets. He was a serious, thoughtful student, graduated with great distinction and was awarded the first top scorer Medallia of the College of Social Science and Humanities.

Since 2022 I have had the privilege of serving as the Head Department of Political Science and International Relations, and I found Fasikaw Getachew as a thoughtful and active participant student in our department and the university at large. During this time, I have seen his exceptional dedication, potential and performance. His remarkable achievements stood out prominently during his tenure at our university, where he was widely acknowledged as a model student for fostering an optimal environment for the teaching-learning process. Moreover, I know that Fasikaw has conducted and presented his senior essay research work with excellent
